

## Traveling Light

---

I'm traveling lightly through this world  
I'm traveling light,  
I'm traveling light,  
I'm traveling lightly through this world

And hey have you heard that bird on high?  
up on that wire,  
sing a little higher  
up on that wire,  
sing a little higher

He's traveling light,  
He's traveling light,  
He's traveling lightly through this world,

And say have you seen that step between?  
Between the tides  
and the lines  
between the tides  
and the lines  
between the tides  
and the lines  
between the tides  
and the lines

I'm traveling light  
I'm traveling light,  
I'm traveling lightly through this world.
